ASTIGMATISM.

What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument Office hours 8:30 to 12:30; 2 to 6. 302½ S. Elm St.

THE BOND ELECTION CARRIED.

Greensboro Sustains Her Reputation As a Progressive City.

The bond election has been one of the quietest ever held in Greensboro. Much interest has been manifested, especially by those in favor of the issue, but those against it or who are indifferent, have not made their appearance at the polls and but for the fact that the dispensary is closed, one could hardly tell that an election is being held in the city.

Voting has been tolerably heavy, five hundred votes having been cast up to noon.

At 3:30 o'clock 676 votes had been cast.

As we go to press the required number of votes have been cast in favor of the bonds to make it a certainty. At 4:15 o'clock 712 votes had been cast, which is a majority of the registered vote.

Greensboro goes forward!

There is rejoicing in the old town tonight.

BUILDING NOTES.

Eight New Stores Will Soon Be Under Way.

Preparations are being made to begin work on the addition to the McAdoo building, corner of East Market and South Davie streets. Mr. Calvin McAdoo will have the work done. The first floor of the rear half of the present building will be lowered level with the side walk. This part of the building will be remodeled and with the new addition four store rooms, each having a front of twenty-five feet on Davie street, will be for rent there.

The store rooms will be as handsome as the average on South Elm, having plate glass fronts arranged somewhat similar to that of the building occupied by Phoenix & Aiken. They will add much to the appearance of Davie.

Work will also soon begin on Groome Brothers' three new stores on South Elm street. They will be pushed to rapid completion so that the stores may be ready for occupants early in the fall.

With these and the Grissom building on South Elm no less than eight new business houses will be for rent in Greensboro ere long. And we venture the assertion they will be rented, too.

Bertram & Willard.

Messrs. Bertram and Willard, the clever gentlemen under whose direction "Captain Dick" and the "Singin Skule" have been presented here, will remain in Greensboro until after the tournament. On Wednesday night of gala week "Captain Dick" will again be presented here for the benefit of the Ladies' Aid Society of Centenary church. Mr. Willard has also kindly consented to play an important part with the Greensboro Dramatic Club, who will hold the boards at the Academy of Music one night during gala week. His many friends will be glad to see him in this new and difficult role.

Rev. J. W. Lee Wants Chaplainship.

Evangelist J. W. Lee, of this city, closed a series of revival meetings in Asheville last night, says the Gazette. He will leave Asheville for Washington tomorrow to make application to the president for an appointment as chaplain in the army, for service in the Philippines. He has endorsements from Senator Pritchard, Senator Butler and Governor Russell. It is not known whether or not Mr. Lee expects to remain in the United States to answer the charges made against him in Columbus, Ga.

Impromptu Entertainment.

The regular devotional meeting of West Market Epworth League last night was most interesting and the attendance was large. At the close of the exercises the president, L. W. Crawford, Jr., invited the League to his home, where an hour was most pleasantly spent, the occasion being all the more enjoyable because the invitation was a surprise to the league members as well as to the visitors.

Refreshments were served, and those present voted it a very pleasant conclusion of the league meeting.

Mr. A. W. Campbell Dead.

The remains of Mr. A. W. Campbell, who died of paralysis at his home in Thomasville at 1 o'clock this morning, were carried through here today enroute to Carthage, where Mr. Campbell formerly lived. The deceased was 76 years old and a highly respected citizen. He was stricken with paralysis about four years ago, since which time he has been an invalid.

Several Killed In a Collision.

BROOKLYN'S GREAT STRIKE.

Cars Will Probably Be Running Regularly by Night.

IMPORTANT PHILIPPINE NEWS

Claimed to Have Been Received At Washington, Better Than Generally Believed.

By Wire to THE TELEGRAM.

Brooklyn, N. Y., July 18—No trolley cars were run after midnight. They were slow getting started this morning. When operations were resumed this morning the company was embarrassed by cut wires and other obstructions placed upon the tracks. Both sides expressed confidence in winning the strike. This fact was apparent: there were fewer cars running this morning than at the same time yesterday. Cars were running upon every line except the Fifth avenue line, which was very irregular. Rossitea claims that by this afternoon every line will be running upon schedule time. Chief Deverry said this morning: "I regard the strike as broken, and believe that by tonight all will be over." The master workman says that Deverry is misinformed, that the company is not only running fewer cars but is running cars across the bridge and back and do not pretend to make full trips.

The strikers sent a committee to meet the men who had been hired in Philadelphia and dissuade them from going to work.

Supt. Baldwin, in charge of the car barn on Fifty-eighth street and Third avenue, was attacked by four strikers and severely beaten. The police rescued him after he had been severely handled.

NEWS FROM THE WAR.

Washington, July 18—It is said officially this afternoon at the war department that no attention whatever would be paid to round robbins and the Manila correspondents' protests; that they would not be sent out and that no explanation would be asked.

It was intimated that most encouraging news was being received from the Philippines today, much better than is generally believed.

SEVERAL ARE DEAD.

Corroboration of the Report of the Clay County Affair.

By Wire to THE TELEGRAM.

London, Ky., July 18—Messengers arriving here this morning corroborate the report which came late last night that five men were killed in a pitched battle in Clay county. The battle occurred at Hacker's school house on Little Goose Creek, yesterday morning. Deputy Sheriff Hacker had arrested R. Philip a while before and the magistrate was preparing to arrange the bond when somebody shot at him from behind. The firing then became general. When it had ceased Robert Fisher, Ed Fisher, Aaron Morris, Hugh and Jim Griffin were dead, Green Griffin was mortally wounded, and Granville Philip seriously injured. Nearly all the country is in the saddle today, heavily armed, and more battles are expected.

DR. ANDERSON, OF DANVILLE

Indicted For the Attempted Murder Of Miss Watson.

By Wire To THE TELEGRAM.

Danville, Va., July 18—Dr. John C. Anderson has been indicted for the attempted murder of Miss Watson, who committed suicide after writing a note to her parents charging that Dr. Anderson had given her poison with which to end her life. Anderson is supposed to be in Canada. The father of the girl has also brought suit against Anderson for damages.

Big Fire At Cincinnati.

By Wire to the TELEGRAM.

Cincinnati, O., July 18—The casting plant of the Addison pipe and steel foundry, near North Bend, was completely burned last night, everything except the standing cranes and walls being destroyed. Several freight cars on the siding were consumed. The works had been running night and day, working three hundred men, when the fire began. The loss is estimated at $40,000.

Shamrock Wins.

By Cable to THE TELEGRAM.

Cames, July 18—The Shamrock passed Ryde, prior to going westward on the second leg, eight minutes ahead of the Britannia.

SHAMROCK WINS.

Southampton, July 18—The Shamrock won the race by about ten minutes.

Spanish Workmen Strike.

By Cable to THE TELEGRAM.

Gibralter, July 18—Spanish workmen employed on the fortifications here, have struck. A close watch is being kept over the strikers, who are not allowed to come into the city for fear of serious rioting.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., July 18.

Mr. and Mrs J. J. Fariss returned last night from a sojourn of a week or more at Carolina Beach and Wilmington.

Rufus King, of Archdale, arrived on the southbound local yesterday evening, bringing a large watermelon with him.

The Lexington and High Point colored nines engaged in a match game of ball on the latter's grounds yesterday evening, resulting in a score of 15 to 4 in favor of the home team. Strange to say the game was played to a finish, not a great amount of "kicking" being done on either side, as is characteristic of games participated in by the "cullud persuasion." A good crowd, composed of several white people, witnessed the game.

The remains of Lindley Hayworth, whose home was near Oakdale cotton factory at Jamestown, was interred in Springfield burying ground this morning at 10 o'clock. The deceased was about 75 years old.

The infant of Mr. and Mrs. Gurney Kirkman was laid to rest in High Point cemetery yesterday evening at 4 o'clock.

J. T. Presson, of Hickory, has accepted a position with Marvin Jordan who succeeds his father in the marble business. Mr. Presson understands the trade and comes highly recommended. He will move his family here shortly. We welcome them to our city.

Miss Della Holton, of Culpepper, Va., who has been on an extended visit to relatives and friends in and around this neighborhood, returned home this morning. She was accompanied by Miss Annetta Tate, of this city.

The colored people celebrated in grand style here yesterday. It was Odd Fellows' Day and several lodges from points within the state were in attendance. The Lexington band furnished music for the occasion and they, including others that were present, seemed to be an orderly crowd of people and as far as we know behaved themselves. After parading the streets about 12 o'clock they assembled in the Odd Fellow's Hall where the exercises were held. A banquet was also given at this place at night.

Quite a stiff gale passed over this city yesterday evening about 6 o'clock. It looked for awhile as if some damage would result from it, but as far as we learn nothing serious happened. A large limb was twisted by the wind from a tree in front of O. N. Richardson's residence on E. Washington street, and fell on the electric wire across the street, which blocked the way until it could be removed.

Miss Louise Henley, of Greensboro, who has been visiting Miss Maude Stamey for a few days, left this morning for Westminster where she will visit relatives and friends.

Mrs. Chas. M Jones, of Kinston, and Mrs. W. W. Jones, of Raleigh, who have been visiting the family of Photographer J. E. Jones, left this morning for a visit to relatives in Winston.

Capt. and Mrs. Rankin and Mrs. L. J. Ingram returned last night from a stay of several days at Mt. Vernon Springs.

It has been asked the cause of so much shooting around town these nights after the electric lights go out or after 12 o'clock—of course we do not know but suppose it is partly caused by the pulling of the trigger to the gun or pistol.

Mrs. Ragan and daughter Berta returned last evening from a visit to Greensboro.

Corrected.

In speaking of spiking up the old macadam and renewing the road, the Telegram reporter made me say that seventy-five convicts were doing it; the engineer in charge of the machinery, a fireman, and two men spreading the macadam on the road.

There are only seventy-five convicts on all the work. These are divided in three camps. With more machinery in the way of wheel scrapers, etc., the road force in this county might be divided, and consequently more roads built. Bandy.

Came After Her Son.

The mother of the young man Cabot Vickers, who was arrested here Sunday charged with the larceny of $3.00, came here yesterday and gave the $50 bond required of her son and the two returned to Winston last evening. The young man admitted his guilt and returned the money to Mr. Traylor, from whom it was stolen. Vickers is about 20 years old and the son of Policeman Vickers, who was killed in Winston a few years ago.

SOUTH CAROLINA COTTON MILLS

Are Paying Handsomely--Other Satisfactory Industrial Conditions in the State.

Special to the TELEGRAM.

Washington, July 18—Mr. S. Proskauer, of Richmond, Virginia, formerly United States Consul at Puerto Cabello, Venezuela, is in the city, stopping at the Metropolitan Hotel. Mr. Proskauer has just returned to this country, and is in the city for the purpose of settling his affairs with the department of state. Yesterday morning he was at the department and had an interview with several of the officials.

Mr. Proskauer says that our present minister to Venezuela, Hon. Francis B. Loomis, is very highly regarded there, as the ablest representative the United States has ever had in that country. His distinguished presence, dignified bearing and kindliness of heart have won him universal respect, while his tact in dealing with the government and people of the country to which he is accredited mark him as a diplomat of high ability.

W. W. Russell, the secretary of legation, says Mr. Proskauer, is a graduate of Annapolis Naval Academy, but forsake the navy for the career of a diplomat. He also is a man of marked ability. He is beloved by all Americans and foreigners, and without question is one of the favorites in the diplomatic circle. Mr. Russell speaks Spanish like a native, which renders him more valuable to this government, and also more useful in the country he represents. With such men as Loomis, and Russell, says Mr. Proskauer, to look after the interests of the United States in South America, there is no danger that our interests will not be thoroughly protected and looked after.

Mr. Proskauer will remain in Washington for several days before returning to his home at Richmond. His own record as consul at Puerto Cabello is an excellent one, and gave entire satisfaction to the state department officials.

Vice-Consul-General Hanauer, has written the department of state from Frankfort, that there are no factories in Germany where cheap furniture is produced; it is made in small quantities at the workshops of individual joiners, who are supplied by woodworking establishments with the different parts in an unfinished state. These joiners work at a very cheap rate. It may pay American manufacturers to export high-class articles of wooden furniture to Germany, provided these are tasteful in design, and superior in finish to those made in Germany. They should be of superior workmanship and solidity, and, if anything somewhat cheaper in price than similar articles of German make. It must be taken into account that such American furniture will have its original cost price increased by about 20 per cent. of the selling valuation, owing to the cost of packing, freight, insurance and the German import duties. The usual terms for selling furniture in Germany are three months' credit; if payment is made on delivery of goods, a discount of three per cent. is customary. Frankfort is a large market for the sale of furniture, and many houses are engaged in this line.

Representative Wilson, of South Carolina, is in the city, stopping at the Shoreham Hotel. Mr. Wilson says that in his opinion the state will send a solid Bryan delegation to the national convention. Congressman Wilson is much pleased with the prospect of the election of Col. Henderson as speaker of the next house.

In speaking of domestic affairs Mr. Wilson says there is a very satisfactory condition in South Carolina from an industrial standpoint. The cotton mills paying handsomely. The expenditure by the national government of $250,000 for the removal of obstructions in the Congaree River, so as to allow navigation from Columbia to the Atlantic Ocean uninterrupted, will be of great importance to the state, and to the south, and will make of Columbia a port of great importance, giving to it the benefit of water rates in the transportation of goods by rail.

There is a rumor afloat that Judge Simonton may shortly retire, and Senator McLaurin, of South Carolina, may be appointed to the judgeship. At the white house it was stated yesterday that there is no truth in this report Senator McLaurin has not been offered the position of judge. It is true Judge Simonton will in a few weeks be entitled to retire from the bench, if he desires, but there is no reason to believe at present that he will avail himself of this privilege for several years to come.

Ex-governor and Mrs. Jackson, who spent the winter and spring in Washington have gone to Bedford Springs, Pennsylvania, to spend the summer. Although the ex-governor has retired from politics he takes much interest in the Maryland situation.

DEATH FROM HYDROPHOBIA.

The Most Awful Fate of Mrs. Catherine Simmons.

A correspondent of the Danbury Reporter, writing from Tulip, Stokes county, tells as follows of the horrible death from hydrophobia of Mrs. Catherine Simmons, an estimable lady of Stokes county:

Three weeks ago she was bitten by a mad dog. The rabid animal was tied in the yard and had wound itself around a bush. Mrs. Simmons went out to relieve the dog from its confinement when it made a leap at her and bit a terrible place on her arm. The dog was not suspected to be mad but a madstone was sent for and applied, but alas, the dog had made a deathly leap. She attended preaching at Piney Grove on the first Sunday in this month, but on returning home her arm began to pain. It was hoped that she would not go mad as several days had elapsed since she was bitten by the rabid animal. Several doctors were sent for but they would not attend. She constantly grew worse. She slobbered, bit her lips and was terribly strong. She was given a stick to bite. Crowds of people flocked in to see the suffering woman—a horrible sight to look upon. The thought or sight of water or draft of air would cause violent convulsions. She suffered paroxisms of excruciating pain. She said said she felt like she could eat her friends and wanted to go to the woods. She was in a contortion of agony.

After five days of unalterable suffering an angel came and sounded the signal of death. She gave two fearful screams and then all was over. Alas, her work is done, her sorrow and sighing is over. We extend sympathy to the bereaved family.

While in her right mind she expressed bright hopes for the future and said she was willing to die.

Freight Handlers Strike.

By Wire to THE TELEGRAM

New York, July 18—Forty-four freight handlers of the Lehigh Valley Railroad, at pier 44, North River, struck this morning. No trouble is anticipated, as the men have disappeared. The company expects to be able to replace them.

BEAUTIFUL

Building LOTS

ARE LISTED WITH

Southern Loan and Trust Co.

These lots are situated south from the State Normal College, and just opposite on the north side of West Lee street in a beautiful grove. They are a part of the Jackson place and are now for the first time offered in single lots. Any sized lot desired can be sold and terms can be made to suit purchaser. The price of these lots is put down so that they will sell rapidly. Considering the location—being near business and schools and on one of the principal streets of the city—we believe that this property is offered at a bargain. Parties purchasing lots can secure loans through us for erecting dwellings on building and loan plan. See us at once before choice lots are sold.

BUTCHERED NEWS DISPATCHES.

The newspaper correspondents at Manila have very naturally become weary of having their reports of Philippine occurrences and conditions butchered and "doctored" by the man whom McKinley has ordered to see that the American people are not informed of the true status of the Phillipine affairs. The correspondents have made the following formal protest to General Otis:

"The undersigned, being staff correspondents of American newspapers stationed at Manila, unite in the following statement:

"We believe that owing to the official dispatches from Manila made public at Washington the people of the United States have not received a correct impression of the situation in the Philippine Islands, but that these dispatches have presented an ultra-optimistic view that is not shared by the general officers in the field.

"We believe the dispatches incorrectly represent the existing conditions among the Filipinos in respect to the discussion and demoralization resulting from the American campaign and to the brigand character of their army.

"We believe that the dispatches err in the declaration that the situation is well in hand, and in the assumption that the insurrection can be speedily ended without a greatly increased force.

"We think the tenacity of the Filipino purpose has been underestimated and that the statements are unfounded that volunteers are willing to engage in further service.

"The censorship has compelled us to participate in this misrepresentation by exercising or altering uncontroverted statements of facts on the plea, as General Otis stated, that they would alarm the people at home, or have the people of the United States by the ears.

"Specifications: Prohibition of hospital reports; suppression of full reports of field operations in the event of failure; systematic minimization of naval operations, and suppression of complete reports of the situation.

(Signed)

"John T. McCutcheon, Harry Armstrong, Chicago Record; Oscar K. Davis, P. G. McDonnell, New York Sun; Robert M. Collins, John P. Dunning, L. Jones, The Associated Press; John F. Bass, Will Dinwiddie, New York Herald; E. S. Keene, Scripps-McRae Association; Richard Little, Chicago Tribune."

The statement of these newspaper men fully substantiates the well-worn charge against the Washington administration that it is deliberately deceiving the people. We are told in carefully prepared dispatches sent out from Manila and Washington that the conditions upon the Islands are steadily improving and that it will be but a short time before the Filipinos are vanquished, which there is every reason to believe is absolutely untrue.

The American people are footing the bills for this awkward enterprise, and it seems very unfair that they should not only be kept in ignorance, but basely deceived, regarding the real progress of the army.

McKinley's reign grows more monarchical every day.

The weeks and the months roll by, and the conference at The Hague continues to confer. We are waiting patiently to hear of these promised "peace measures" being adopted. Wars and rumors of wars continue, and the Powers continue to issue their orders for prodigious supplies of slaughter.

A. M. Stack, a bright and most promising lawyer, who has built up a good practice at Danbury, leaves for Monroe, which place he will make his future home, entering upon a broader field for the prosecution of his profession. We wish him much success.

A CREDIT FOR ALGER.

We noticed in an editorial in the Richmond Times a few days ago that when the Spanish war was over and men who had secured good positions were being turned adrift with nothing to do, Secretary of War Alger told a prominent southern man that whatever happened he intended to see that the sons of J. E B. Stuart and George E. Pickett were taken care of. The people of the south will condone a good deal of Alger's blunders on account of this little incident. While the war secretary is undoubtedly a very inefficient officer, and incapable of properly filling the very important position McKinley has placed him in, he is, we have no doubt, cussed a good deal more than he deserves.

The merchants and tobacco men of Winston recently offered to pay the greater amount toward the building of two bridges across Dan river in Stokes county, in order that Winston might receive the great volume of trade from the northern portion of the above-named county, which otherwise largely goes to Martinsville, Va., Mount Airy, N. C., and other towns. The county commissioners of Stokes have accepted the offer of the Winston people, and immediately two steel bridges will cross the Dan, one at Danbury and the other at Hairston's ford. But this clever move on the part of Winston can be frustrated if the Greensboro people will fish properly after this trade, as, when the farmer reaches Walnut Cove, on the railroad, with his produce, no great inducement would be required for him to load his stuff aboard the cars and ship to Greensboro, which would save a travel of twenty miles over a very rough road. And Greensboro has a reputation in Stokes for paying the highest prices for the finest grades of tobacco.

THE CHARLOTTE ROAD MEETING

It Is Hoped That Much Good Will Result Therefrom.

The Charlotte Observer summarizing the work of the recent road builders' congress and institute held at Charlotte July 11-14, says:

The road builders' congress and institute, which has been in session here this week and which ended its work today, has been a notable gathering in many respects. Much of the success of the congress is attributable to the energetic work of Prof. J. A. Holmes, state geologist for North Carolina, who has been and is still doing a great work for the material development of North and South Carolina, as well as the whole south, in directing the intelligent consideration at this time of a problem which lies very near the whole question of industrial developments of the south.

The congress just ended was called for the purpose of training road builders in the practical problems of road construction, always having in view the wisest and best expenditure of every dollar of road funds any community may have, the best advantage for lasting and permanent results.

A convention called with such a purpose could not well be barren of results. Every section of North Carolina which is now doing any good road building, as well as many sections of South Carolina, had representatives at this congress, thus manifesting that a progressive and determined spirit is abroad. Especially will this appear more fully when it is remembered that Chester, Newberry, Greenville, York, Edgefield, Anderson, and other South Carolina counties, as well as such representative North Carolina communities as Cabarrus, Asheville, Morganton, Guilford, Statesville, Wilmington, Burlington, Fayetteville, Tarboro, Wadesboro, Forsyth, Greensboro, Salisbury, Orange, Haywood, Rowan, Buncombe and Iredell were represented in the congress. These communities practically include all the sections of the Carolinas which are now giving attention to the construction of modern public roads.

In this connection it may not be amiss to speak a word as to the personnel of the congress. Every member of it manifested the most intense interest in all the sessions of the institute. These men were all practical road builders, men actually engaged in the work of road construction, and hence what they saw and learned here this week must tell for great industrial good. That such men as General Roy Stone and Mr. M. O. Eldridge, of the road inquiry burea of the agricultural department, Washington, D. C., were interested in this meeting and attended it and by their counsel and knowledge aided its work, is significant. Road engineers, county commissioners, road supervisors, street superintendents, cotton mill men and many others deeply interested in the material welfore of this section, composed the personnel of this road builders' institute. All these saw modern, scientific road building in actual progress and were surprised to learn that the people of this community were so absolutely a unit in favor of the system now in operation here, as well as a unit in favor of the tax which supports and furthers such road construction.

The lessons to be learned at an institute of this kind are worthy of note. For instance, it was the unanimous opinion of all that the salvation of the south lies in better highways as a means of inter-communication and easier business relations among the people; that the building of permanent stone roads even in small counties should be a purpose ever kept in the minds of all, though that work in many cases must be necessarily slow at first. All were impressed, too, with the great importance of the proper relocation of all important roads, so as to give them grades not exceeding 4 per cent; also with the fact of the great importance of having the macadamizing and re-location of all roads done under the most competent supervision. Everybody was convinced, by the actual observation of the mistakes Mecklenburg had once made, of the folly of going to any expense to macadamize improperly located roads, thus at great cost perpetuating something which will be a hindrance to easy communication among the people for all time. It was agreed, too, that as rapidly as possible the old labor system must be abandoned as unjust and inefficient, and some system of working the public roads by taxation substituted for a system which has impeded all permanent road improvement for more than a century.

The resolutions of the congress favorable to the use of broad tires and the establishment of state highway commissions to further modern road-building, as well as the resolutions urging the abolition of the present system of working convicts on state farms and transferring them to the public roads, thus establishing a system of state aid to permanentt stone road-building, were highly creditable and along the line of the best thought relative to highway improvement.

IMPROVEMENT MEANS WEALTH

Importance of the Gala Week Road Congress.

The Good Roads Congress, which is to be held at 2 p. m., Tuesday, August 1st, during Gala Week, at Greensboro, many of us think will be one of the most important meetings that will be held during the week.

It is a treat to hear Prof. Holmes on the subject of good roads. Mecklenburg is the banner county of the State, and made so by good roads. At this date of the progressive age can we ever expect to see Guilford county progress in like manner with her public roads in their present condition? Arrangements have been made with the county authorities to build two miles of macadam road running west from city limits.

Now, we do not want to see the improvements stop there. Judging the future by the past, we think that if the county would issue bonds to the amount of $300,000 on 30 years time, or enough to macadamize the leading roads of the county, what would be the results?

1st. Improved farms.

2nd. Increased population.

And these two items bring wealth. So the debt would be paid without increasing our taxes, as taxable property would increase more than ten fold.

We hope to see every farmer in the county at the meeting. They are the voters, and they as a class are most interested. Come. Don't forget the day or the hour—2 p. m, August the first, at the court house in Greensboro.

Exhibition by Racing Team.

One afternoon the latter part of this week, the Chicora Racing Team, which has been practicing daily for the contests at the Greensboro Firemen's Tournament, will give an exhibition with spirited contests at the Fair Grounds, to which a small admission will be charged. The receipts will be used towards paying the team's expenses to Greensboro.

Death of Mrs. Frank Gorrell.

News was received here yesterday of the death of Mrs. Frank Gorrell, which occurred at 1 o'clock yesterday afternoon at her home in Ore Hill.

The deceased was about 24 years old and leaves a husband, one child and many friends to mourn her death. Mrs. Gorrell was formerly Miss Lizzie Wall, of Winston. It was not learned when she will be buried. She had been in declining health for a year or more, caused by consumption.

Beats The Klonkike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemmorhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottle free at C. E. Holton's drug store. Regular size 50 cts. and $1.00. Guaranteed to cure or price refunded.

THE LIGHTNING IN WINSTON.

Interstate Telephone Wires Burned Out.

General Manager C. E. Eagan, of the Interstate Telephone Company, passed through the city yesterday going to Winston to look after repairing the Interstate system there which was badly damaged by lightning during the storm Sunday afternoon. The lightning struck at 4:40 o'clock and burnt off the small wires in the central office. A curtain in the office caught fire and considerable damage was done by the flames before the fire departments reached the scene. As a result of this the long distance line between here and Winston will be useless for several days. The Winston office is now closed for repairs and cannot be used for a week, the switchboard being badly damaged.

The printing house of Stewart Brothers was also struck during the storm, though the damage was slight.

Notice of Election.

UNDER and by virtue of a resolution of the Board of Aldermen of the City of Greensboro, North Carolina, passed on the 12th day of May, 1899, and on the 26th day of May, 1899, in pursuance of the charter of the city and an act of the General Assembly of North Carolina at its session of 1899, ratified on the —— day of ——, 1899, entitled "An Act to allow the City of Greensboro to Issue Bonds," which said resolution, charter and act of the Legislature is made a part of this notice, notice is hereby given that a special election will be held for said city at the Market House in said city on the Third Tuesday in July, 1899 being the 18th day of July, 1899, for the purpose of submitting to the qualified voters of said city the question of issuing Three Hundred Thousand Dollars of coupon bonds, payable thirty years after their date, and in denominations of $100.00, $500.00 and $1,000.00, and bearing interest payable semi-annually at five per centum per annum, and the levy of an annual special tax to pay said bonds at maturity, and the interest as it becomes due, the said bonds to be used for the following purposes, and none other, the amounts given being the maximum amounts to be spent for the purpose specified, to-wit:

Twenty-five Thousand Dollars of bonds for the purpose of building or buying, conducting and operating an electric light and power plant, or gas plant, or both, to furnish lights for the streets of city; and a so lights and power to the citizens of said city if the Board of Aldermen sees fit; One Hundred Thousand Dollars of bonds for the purpose of building or buying a Water Works plant and maintaining the same, to furnish water for the use of the city and its citizens.

Sixty-Five Thousand Dollars of bonds for the purpose of building, constructing, enlarging and maintaining the sewerage system. Thirty-Five Thousand Dollars of bonds for the purpose of erecting a building or buildings for a City Hall and Market, and for the Fire Department or some of the fire companies and for other city uses; and Seventy-Five Thousand Dollars of bonds for the purpose of grading, curbing, macadamizing, paving and improving the streets of the city; at which election those qualified voters favoring the issue of said bonds and the levy of said tax as aforesaid shall vote a ballot on which is printed or written or partly printed and partly written the word "Issue" and those qualified voters opposing the issue of said bonds, and the levy of said tax as aforesaid shall vote a ballot on which is printed or written, or partly printed and partly written the words "No Issue."

That for the purpose of holding said election M. C. Workman has been appointed Registrar, and the following have been appointed inspectors of said election, viz.:

For the First Ward, A. M. McAdoo.
For the Second Ward, Jesse T. Abbott.
For the Third Ward, H. S. Sergeant.
For the Fourth Ward, J. H. Rankin.
For the Fifth Ward, W. G. Lewis.
For the Sixth Ward, G. T Glasscock.

And said Registrar will keep his registration books open for the registration of voters at Matthews' Store, M. P. Building, South Elm street, beginning forty days prior to said election and will close said books ten days before the said election, and said election shall be held in all respects as provided in the aforesaid act, and in the charter of the city.

By order of the Board of Aldermen.

JOHN S. MICHAUX, City Clerk.

A Cheap Trip to the Pacific Coast.

The National Educational Association meeting at Los Angeles, Cal., is the occasion for the Southern Railway to put on the remarkably cheap rate of One Fare for the Round Trip (plus $2.00 Association Membership fee). This, in connection with the new Palace Tourist Sleeping Cars, operated over the Southern Railway and the Southern Pacific, a double berth in which costs only $7.00, renders possible the cheapest and most enjoyable trip of the season. A particularly pleasant feature of this trip is that the tickets are good going one way and returning another; i. e., going via New Orleans and returning through Salt Lake City and Colorado; or by the payment of $12.50 additional, the trip may be made returning through Portland, Ore.

Stop over privileges are allowed at El Paso or any point west thereof, on the going trip, and at any point west of Denver and Colorado Springs on the return trip. By this means passengers are afforded the opportunity of seeing the entire Pacific Coast. Side trips are arranged at nominal cost from Los Angeles and San Francisco to all points of interest in California. The Sapphire Country.

Along the cool southern slopes and table lands of the Blue Ridge mountains in Western North Carolina, at an average altitude of 3,000 feet, is a country full of delightful surprises to the tourist, sportsman and health-seeker. No other state contains so many clear, cold and wonderful'y picturesque streams, so many grand water falls, such wide sweeping mountain views, and such beautiful lakes as the Sapphire Country, where until recently there was no provision made for the accommodation of visitors to this delightful section. Now, however, entertainment is offered on Lake Sapphire, Lake Fairfield, and on the summit of Mt Toxaway, the view from the lodge there being the most extensive of any mountain point of vantage in North Carolina.

Parties desiring to visit this beautiful country can purchase round trip tickets to Brevard, N. C., via Hendersonville, where coaches convey you over good roads making the drive one of extreme pleasure. For full information call on any agent Southern Railway, or write R. L. No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

Barber—"Shall I cut it short, sir?" Victim—"For goodness sake, yes! I'm tired of hearing you talk."

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by C. E. Holton.

THE PROFESSOR'S BABY.

Medical Students Provided a Surprising Army of Presents For It.

"When I was a medical student in the University of Pennsylvania," said the doctor, "the boys celebrated an interesting event in the domestic life of one of the professors in a unique way. The news that the favorite professor was a happy father reached the students on Thursday morning, and that afternoon and evening there were consultations held all over the university buildings, and sundry dimes and quarters were collected by two or three of the students, who constituted a sort of finance committee. Every Friday morning the professor gave a lecture to the students in the amphitheater. The subject for the lecture that week was 'The Relation of the Sympathetic Nervous System to the Nerve Centers of the Brain,' and half an hour before the time set for the lecture every man in the class, which numbered about 350, was in his place waiting for the fun to begin and glancing now and then toward the three long operating tables in the center of the room.

"Promptly at 10 o'clock the door opened and the favorite professor entered the amphitheater. He carefully closed the door behind him, then with a self conscious clearing of his throat turned toward the class. At the first glance his jaw fell, while every one of the 350 fiends in the seats above begun to yell at the top of his lungs. Spread out upon the three long operating tables were about 150 baby's toys and furnishings of every kind and description. There were rattles by the dozen, Noah's arks, dolls of all sizes, a toy cooking stove, a baby carriage, an embroidered flannel petticoat, a nursing bottle lying in a graduated glass, a pair of little blue kid shoes and other things too numerous to mention. After the first shock of surprise and embarrassment, the professor was game. He thanked us, in a speech peppered with five syllabled words, for our thoughtfulness in thus providing for the future needs of his offspring, but he observed, after a careful examination of the various instruments of infantile delight spread out before him, that we had forgotten one thing, a bottle of paregoric. Then he yawned in a way suggestive of midnight vigils and turned his attention to 'The Relation of the Sympathetic Nervous System to the Nerve Centers of the Brain.'

"But he was not allowed to proceed beyond the first sentence or two. His attention was drawn to the blackboard, where some student of artistic tendencies had drawn an elaborately decorated design in red, white and blue chalk, 'Is Marriage a Failure?' The poor professor, seeing that there was no possibility of a serious lecture that morning, entertained us for about ten minutes on the text posted on the blackboard; then, after inviting us all to visit the newcomer in the immediate future, he marched off to the music of 350 voices singing, 'Go to Sleep, My Little Pickaninny' and 'Daddy Wouldn't Buy Me a Bowwow.'"—New York Sun.

A SCENE OF BUTCHERY.

The Slaughter That Came With the End of the Janizaries.

On the 15th day of June, 1826, the whole corps of the janizaries in the capital assembled, overturned their camp kettles (the signal of revolt) and advanced upon the seraglio. With his own hand the sultan unfurled the sacred "sanjak sherif" and called upon the true believers to rally round their dischah and caliph, and the zealous Mussulman citizens rushed from all quarters and rallied under the sacred symbol. The ranks of the janizaries were raked with grape and solid shot by "Black Hell" (a nickname for Ibrahim, general of artillery) and his gunners as they pressed through the streets, compelling them to fall back to the Etmeidan, where they defended themselves with extraordinary fierceness, slaying great numbers of their assailants. The artillery, supported by the marines and the bostangi, pressed forward and compelled them to retreat to their barracks, where they offered desperate resistance to the assault.

From every street cannon thundered on the walls without intermission, the building was soon in flames, the walls torn and battered down by grapeshot, and the janizaries, overwhelmed by ruins, shot and flames, perished in their burning and blood stained barracks. For two days the gates of the city remained closed, and with relentless vigor every corner was searched for such janizaries as had escaped the general massacre, and when found they were hastily executed. Nearly 20,000 janizaries were destroyed on this memorable day, and many thousands were afterward put to death in the various cities of the empire, and thus not one of the number under arms was left to tell the tale.—Self Culture.

Accounted For the Fit.

Hon. George R. Peck so keenly appreciates a good joke that he tells the following on himself:

"When, after a foreign trip, I was being welcomed by some of my friends in Topeka, I wore a suit of clothes made by a London tailor that was uncomfortably tight in places. I expressed my surprise that a loose fit in London should prove a tight fit in Topeka, whereupon an Irishman of the party exclaimed:

"'Mr. Peck, don't forget you're a bigger man in Topayka than you were in London.'"—Chicago Journal.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

W. M. Gallagher, of Bryan, Pa., says: "For forty years I have tried various cough medicines. One Minute Cough Cure is best of all." It relieves instantly and cures all throat and lung troubles, coughs, colds, croup, whooping-cough, la grippe and pneumonia. Howard Gardner.

Dismal Dawson—"Wot made yer swipe dat bolt of calicker when yer might just ez easy hev pinched a wad ov silk?" Weary Willie—"Why, me feelin's sorter went out ter dis stuff. It don't wash, yer know."

What you want is not temporary relief from piles but a cure to stay cured. DeWitt's Witch Hazel Salve cures piles, and they stay cured. Soothes and quickly heals old sores, scalds, cuts, burns, wounds and skin diseases. Howard Gardner.

"Hello, old boy!" exclaimed the first flea. "Have you been on a vacation?" "Yes," returned the other. "I've been on a tramp for a week or so."

There is a time for all things. The time to take DeWitt's Little Early Risers is when you are suffering from constipation, biliousness, sick-headache, indigestion or other stomach or liver troubles. They never gripe. Howard Gardner.

Hoax—"I wonder which is the best—to be lucky or rich?" Joax—"How in the dickens can a fellow be lucky if he isn't rich?"

Mr. A. Saunders, writing from Cocoanut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by C. E. Holton.

No matter how warm a fellow may be while riding his bike he gets a little hotter when some one refers to ice.

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. Howard Gardner.
